

DOUBLE DECKER

EZ-Lift™ Two-Tier System

Save More Space

Kinetic's EZ-Lift™ two-tier bike rack system offers a space-saving, high-capacity solution for bicycle parking. They are designed to double your parking capacity while delivering the best ergonomic experience for the rider. Our systems are perfect for bike rooms, transit hubs, and other high-density areas.

The EZ-Lift™ features a pneumatic lift-assist mechanism, making it easy for users of all abilities to load and unload their bicycles. Built with durability and longevity in mind, the EZ-Lift™ is suitable for both indoor and outdoor use.

BENEFITS

- Elevated function
- Ergonomic
- Increased density
- Quiet operation
