

# EZ-AIR™

## Outdoor Pump

### Air To Go

Kinetic's EZ-Air™ outdoor pump is designed for outdoor use in any climate, combining toughness, durability, and value. A great option for campuses, cities, or other public areas with heavy use.

The EZ-Air™ can be installed in bike rooms, at parks, on trails, or any other public setting. It withstands extreme weather, ensuring durability and readiness.

Mount it with the EZ-Fix™ repair stand or directly to any surface.

**Experience the Kinetic difference.**

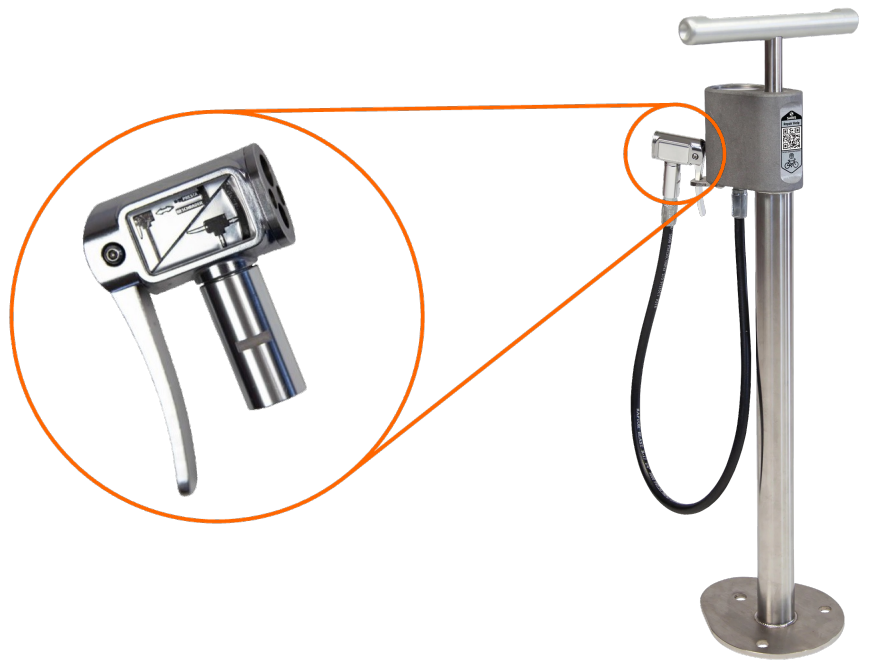

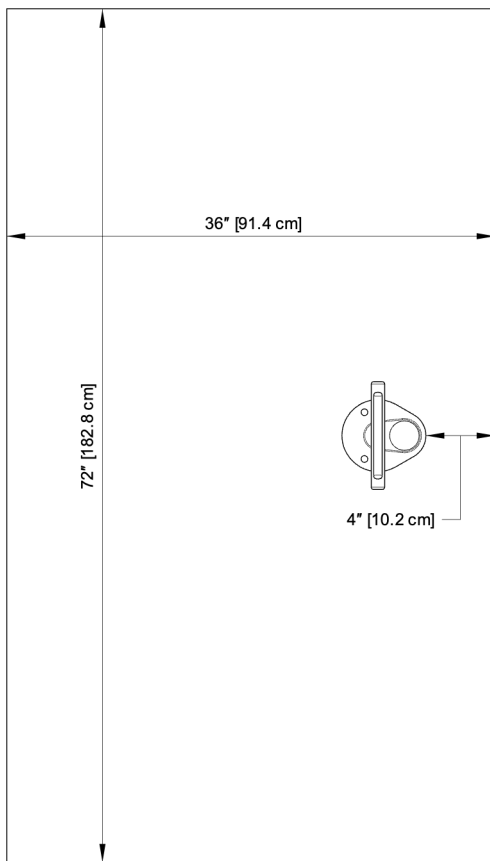

#### BENEFITS

- Weatherproof, stainless steel body
- Long life piston seal
- Solid core pump rod
- Steel braided air hose
- Polycarbonate gauge cover
- Concrete mounting anchors included
- Fully serviceable with rebuild kit
