

BIKE PARKING THAT FITS

The Kinetic Story

When it comes to multi-residential construction and large commercial developments, time is money.

At Kinetic, we are known for delivering functional, space-saving bike parking solutions that simplify your job. We achieve this by taking the burden of managing the small stuff off your plate with quick turnaround and reliable feedback.

Collectively we have over 30 years of experience maximizing bike parking spaces for general contractors, project managers, architects, and engineers. Our bike parking solutions always follow the latest best-practices, standards, and code. We know bike parking is just one part of your project, and we're here to make it fit without the fuss.

Your time is precious. We work fast so you're not left waiting. We know you're focused on the big stuff like concrete, plumbing, and electrical work. Bike parking? We'll take care of that. This way, the only thing you need to think about is ticking it off your to-do list.

Kinetic designs practical solutions that match your project's requirements and give your customers the experience they expect. We keep it simple and don't bog you down with overblown complexities. We're here to listen, help, and get the design of your space right. We deliver exactly what you need when you need it.

Our promise is simple: We're always on time, easy to reach, responsive, and reliable. We ensure bike parking is taken care of without any hassle. Think of us as your behind-the-scenes silent workhorse ensuring that this part of your project is the least of your worries.

Kinetic isn't just another solution provider. We're your trusted partner who always gets the job done, on time and on budget.

Ready to offload the bike parking minutiae?

Let Kinetic manage the bike parking while you focus on keeping your project on track.
